

PJ Logistik GmbH

Fast. Strong. Secure.

## Company Overview

PJ Logistik GmbH, headquartered in Vienna, Austria, is a dynamic logistics and delivery company committed to providing reliable and efficient services. Our motto—Fast. Strong. Secure.—reflects our dedication to timely deliveries, robust operations, and the utmost security in handling consignments.

## Our Journey

Founded by Parham Jabari, whose career began as a parcel delivery driver for companies like DHL, DPD, Austrian Post AG, and UPS, PJ Logistik has grown exponentially since its inception. In 2015, Parham worked as a delivery agent for Foodora, recognizing significant opportunities in the delivery sector. By 2016, he ventured into self-employment, starting with four drivers. Through dedication and hard work, the team expanded to 40 employees, and by 2020, the workforce had grown to an impressive 350 drivers. This growth was further bolstered by a strategic partnership with Amazon in 2020, starting with 10 drivers and scaling up to 55 within a year, alongside establishing our own fleet and infrastructure.

## Our Services

**Parcel Delivery:** Efficient and timely delivery of parcels across Vienna and surrounding regions.

**Fleet Management:** A modern fleet of vehicles ensuring reliability and safety.

**Driver Support:** Continuous support and training for our drivers to maintain high service standards.

## Why Choose PJ Logistik?

Experienced Team: Our team is among the fastest and most reliable in the region, ensuring your deliveries reach their destination promptly.

Modern Fleet: Equipped with state-of-the-art vehicles to handle various delivery needs.

Customer Satisfaction: We prioritize customer satisfaction, guaranteeing a seamless delivery experience.
